NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

Note 1- Organization and Summary of Significant Accounting Policies

a. Organization and Nature of Activities

The Naked Heart Foundation, Inc. (the "Organization") was incorporated in September 2004 under the laws of the State of New York as a not for profit organization. The Organization was established to support affiliated entities in the construction of modern playgrounds in urban areas of Russia and to support their efforts in aiding families with children with special needs and families and children in special circumstances. The Organization's support comes mainly from foundation and individual donors.

b. Cash and Cash Equivalents

The Organization considers all highly liquid investments with initial maturities of three months or less to be cash equivalents.

c. Contributions

In accordance with the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 958 "Not-for-Profit Entities," contributions received by the Organization are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions.

Any donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. It is the Organization's policy to classify temporarily restricted contributions received as unrestricted if the restriction expires in the same fiscal year.

d. Donated Services

The Organization recognizes donated services at fair value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

e. Exchange Rates

The U.S. dollar equivalents of the local currency were calculated either at the actual rate of exchange or at the average of the rates during the period.

Note 1- Organization and Summary of Significant Accounting Policies (continued)

f. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

g. Tax Status

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

The Organization accounts for uncertainty in income taxes, which requires that a tax position be recognized or derecognized based on a “more-likely-than-not” threshold. This applies to positions taken or expected to be taken in a tax return. The implementation of this amendment had no impact on the Organization’s statement of financial position or statement of activities. The Organization’s financial statements do not include the effects of any uncertain tax positions at December 31, 2013.

h. Subsequent Events

The Organization has evaluated subsequent events through March 31, 2014 the date that the financial statements are considered available to be issued.

Note 2 - Functional Allocation of Expenses

The costs of supporting the programs and other activities of the Organization have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses incurred were for:
